CARRIER OBJECTIVE

Goal-oriented and detail-driven computer science graduate with a passion for web development education along with additional expertise. Seeking a junior web developer position where I can utilize my knowledge of HTML, CSS, JavaScript, React, Redux, Node.js and MongoDb & MySql. Aim to contribute innovative solutions, applying my skills to create dynamic and responsive web applications.

WORK EXPERIENCE

Bigmark Education – Cha. Sambhajinagar   02/2023

Web Developer :

- Developed and maintained multiple projects, including hospital systems, doctor's websites, school management, E-Commerce and business-related websites.
- Utilized PHP and MySQL to create dynamic and database-driven web applications.
- Implemented front-end design using HTML, CSS, Bootstrap, and JavaScript to ensure visually appealing and user-friendly interfaces.
- Collaborated with a team of designers and developers to deliver high-quality web solutions within project deadlines.

TECHNICAL SKILLS

- C, C++, PHP, HTML, CSS, JAVASCRIPT, BOOTSTRAP, REACT, REDUX, RTK-QUERY, NODE. JS, MONGODB, MYSQL.
- MySQL & MongoDb Database: Strong knowledge of designing and managing relational databases, writing complex queries, and optimizing database performance.
- Front-End Development: Experience with HTML, CSS, JavaScript, and frameworks like Bootstrap for creating responsive and visually appealing user interfaces.

PROJECTS

Hospital Management System Project – (PHP-Mysql)-(Internship Projects)
- Designed and developed a comprehensive Hospital Management System, a web-based application that streamlined administrative and clinical operations within a healthcare facility.
- Utilized PHP and MySQL to create a robust and scalable database-driven system, handling patient records, appointment scheduling, billing, and inventory management.
- Implemented user authentication and access control mechanisms to ensure data security and privacy compliance.
- Designed an intuitive user interface using HTML, CSS, and JavaScript, providing healthcare professionals and staff with a user-friendly and efficient experience.

Online Grocery Store – (PHP-Mysql) - (Final year Project)

- Developed and implemented an online grocery store as a web-based application, providing customers with a convenient shopping experience for food and household necessities.
- Designed and developed the user interface using HTML, CSS, and JavaScript, ensuring a responsive and visually appealing website.
- Integrated backend functionalities using PHP and MySQL to handle user registration, authentication, and product catalog management.

Tic Tac Toe Game –(Javascript)
- Designed and developed a Tic Tac Toe game as a web-based application, offering an interactive and engaging gaming experience.
- Implemented the game logic using HTML, CSS, and JavaScript, allowing players to take turns and make moves on a grid-based game board.
- Utilized event handling and DOM manipulation techniques to enable user interactions, including selecting grid positions and displaying game outcomes.

E-Commerce Website–(React-Redux-Firebase)
- The E-Commerce Website project, built on the React-Redux-Firebase stack, is a dynamic and scalable online platform designed for seamless shopping experiences.
- Leveraging the power of React for an interactive user interface.
- Redux for efficient state management, and Firebase for real-time data synchronization, the application ensures a responsive and secure environment

EDUCATION

Vivekanand Institute of Management Studies and Information Technology, Cha. Sambhajinagar

- **Master of Science in Information Technology (MSc IT)**
- **Ist year : 7.58 sgpa,**
- Pursuing (II nd Year)

- **Bachelor of Computer Science - May 2022**
- Aggregate Percentage: 84%

K.K.D.V. School | Kannad, Cha. Sambhajinagar | May 2019

- **Higher Secondary Certificate (HSC)**
- Percentage: 70.77%

R.M.V. College| Kannad, Cha. Sambhajinagar | June 2017

- **Secondary School Certificate (SSC)**
- Year Percentage: 88%

AWARDS AND HONORS

- Participated as an Anchor in annual events and cultural programs, showcasing excellent communication and presentation skills.
- Awarded with a trophy for outstanding performance as an Anchor, recognizing the ability to engage and captivate audiences.

- Participated in a university-level inter-college poster competition, showcasing creativity and design skills.
- Received a certificate and consolation prize for the poster competition, demonstrating the ability to create visually appealing and impactful designs.

STRENTH

- **Hardworking,**
- **Positive Nature,**
- **flexible**: to work in any environment.

INTERESTS

- Basic Drawing and Painting.
- Learning new things.
